

BRPS Cadets Excel at NCC-EBSB Camp

In the dynamic days of October 2023, five cadets from Blue Ridge Public School, led by Sergeant Manan Sharma along with Cadets Pradnya Pathak, Aarya Kale, Vedant Bhavsar and Swaraj Butte participated in the Ek Bharat Shreshth Bharat National Integration Camp at Kaviyatri Bahinbai North Maharashtra University, Jalgaon. The journey commenced on the 26th of October, marked by anticipation during a train ride and culminating in an enlightening experience.

The camp, spanning from October 27th to November 7th, featured a disciplined routine and a diverse array of activities. The camp, hosting over 600 participants divided into six companies, provided opportunities to show friendship, discipline, and unity. Amidst physical training, lectures on Cybersecurity, the Importance of Millets, and Business Insights unfolded, captivating the participants.

It was during these intellectual pursuits that **Sergeant Manan Sharma** unveiled his entrepreneurial spirit, presenting the visionary business idea—**AstroBott**. The application aimed to aid amateur astronomers in astrophotography through voice control, telescopic manipulation, and eventful reminders. **Manan was awarded the first prize in the Business Idea Competition** and added a personal triumph to the overall success of the camp. He also secured the **Second prize for the Public Speaking competition** and participated in debate competition.

Multiple cadets won awards in various competitions and made their School and Battalion proud. **Cadet Aarya Kale received the First Prize in Public Speaking**. Almost all the Cadets participated in the **Cultural events** that took place within the camp, and all the cadets successfully completed the camp, receiving certificates for both.

Visits to Ajanta Caves and a memorable cultural night added to the rich collection of experiences.

As the camp concluded, the Blue Ridge Public School cadets left with cherished memories and newfound knowledge. The lessons learned about discipline, unity, and adaptability became integral to their personal growth. The journey showcased not only astrophotography ambitions but also the ability to innovate and contribute to a vibrant tapestry of shared experiences at the Ek Bharat Shreshth Bharat NCC Camp. The camp's success was further celebrated as all five cadets from Blue Ridge Public School excelled and left triumphant, as a testament to their dedication and spirit.

To our achievements,

T/O Chanchal Sharma,

Associate NCC Officer, 36 Maharashtra Battalion, Blue Ridge Public School.
